PROFILE

Exceptionally skilled chiropractor with more than 30 years of experience in the field.

Strong commitment to providing high-quality care for patients of all ages, building strong relationships with them and their families relying on referrals to build the practice.

Recognized for being a compassionate and reliable chiropractor who is willing to go the extra mile to ensure patients' health needs are addressed in a safe and comfortable environment.

Strong ties with other healthcare providers including primary care physicians, physical therapists, orthopedists, neurologists, pain management specialists and others.

Routinely receives ongoing education to keep abreast of new developments in chiropractic care.

As of June 2024, Fasulo Chiropractic has been acquired by Link Medical Services DBA New York Brain Spine and Joint.
